

Good morning

I would like to ask for your assistance in encouraging your members, especially those situated in the more rural areas, to access our satellite workshop sessions

Although there are some venues, such as Durban and Pretoria that filled up very fast, there are some venues where there are still lots of space. We are especially concerned about the low take-up in places such as Upington, Mafikeng and Nelspruit, as these are areas with FSPs that are active.

Both the call centre and website bookings are fully functional, and people are welcome to use any of these two methods to book. The call centre's number is 0800110443/ 0800202087

We still have space available at the following sessions and venues:
